# e2e Values

Our Values

- We create value for our customers
- We deliver quality work.
- We strive to exceed customers expectations
- We partner with the best to deliver successful projects

***e2e delivers client-focused workforce solutions  
and superior technical, functional and IT staffing  
services to global leaders.***

***our experts understand your business needs  
and implement strategic solutions  
that give you a competitive advantage.***

## The benefits of working with e2e.....

### → Customized services

- Our full service approach to technology consulting allows us respond to your special requirements promptly. We will invest the time upfront and throughout our business relationship to learn and understand your business environment, products, services and staffing needs

### → Connections to highly skilled IT Talent

- With our exceptional connections to IT talent, we will do more than provide cost-effective solutions to your needs---we will do it exactly when you need it.

### → Technical expertise

- Our account executives typically possess recruiting backgrounds making them uniquely skilled to find the right professionals for our client's needs.

### → Evaluating technical skills

- To ensure a good client/candidate fit, our recruiters unique skills and pre-evaluation process measures the candidates technical/functional proficiency ---often the crucial difference between doing the job and doing it right. Through a series of pre-evaluation set forth by our clients, we test our candidates and validate their skills ensuring that we are saving the time and cost per hire and they can step into the job and immediately make a contribution.
- All our process is metrics driven and it can be evaluated at any stage
- Own Database , Headhunting, eGrabber, Web Crawlers, Free Job Portals, Search Engines, Councils, AIRS, ERE, Associations, Universities, User Groups, Blogs, LinkedIn, Facebook, Twitter, MySpace, Plaxo, XING, Ning, Zoom Info, Jigsaw, Digg, Friend Feed, HelloTxt, Koders, Shuzak, Flickr, Talkshoe and lot of other methods. Web 2.0.

*“Those who build great companies understand that the ultimate throttle on growth for any great company is not markets, or technology or competition, or products, Its one thing above all others : The ability to get and keep the right people..”*
